Design & implementation of technical solutions to integrate On-Prem AD with Azure AD.
Outcome	Successful migration of company-wide information system to the Microsoft Cloud, resulting in enhanced efficiency and productivity.	Safe, compliant, modernized, and cost-effective client information system. Competitive differentiator for bidding on DoD contracts.	Successful Business Divestiture by timely, scope-bound and budget compliant migration of new company data.	A Secure, CMMC Compliant, Modernized, and Cost-Effective Information System leveraging Azure Virtual Network, Site-to-Site VPN, Gateways, and M365 Migration.
Client Testimonial	"TechAxia made sure we understood all aspects of the migration, so our decisions made the best use of 365! TechAxia is easy to work with and worked like they were a part of our organization!" – <i>Programs Manager</i>	"TechAxia surpassed our expectations as a flexible, knowledgeable, and responsive partner. At every step, they found the intersection of our company's vision and "the art of the possible" with impeccable knowledge of Microsoft 365 and Azure capabilities. Bottom line, TechAxia was the right partner to implement and sustain our NIST 800-171 and CMMC compliant system." – <i>CTO</i>	"The process was complex due to security concerns, cross business access challenges, timing challenges, casual obstructionism, and the number of parties involved. TechAxia's experience with migrations, combined with creative solutions and considerable flexibility allowed the migration to be success. John and his team worked as a natural extension of our team and could be customer facing without any disconnect or need for a go-between. We were very happy with the experience." – <i>IT PM</i>	"TechAxia is very knowledgeable in Microsoft Office 365 & Azure Cloud deployments. They seamlessly integrate their strengths with ours which has proven to be an unbeatable combination in the eyes of our customers, and their ability to pull appropriate resources together at the right time ensures that our organization stays on schedule and within budget on all contracts." – <i>Owner, Principal Subcontracts Manager</i>
